

```
List<Integer> list =  
    new ArrayList<>(200);  
  
...  
for (int i = 0;  
     i < list.size();  
     i++) {  
    if (i%2 == 0 &&  
        list.get(i) == 42)  
        count++;  
  
    ...  
}  
if (count == 75) {  
    //bug  
}
```
